GROWER PROPAGATOR
OF HYBRID RHODODENDRONS

If you buy in Fall we have facilities to put plants in protected area. We accept contracts for rooted cutting up to 150,000 yearly from our unlimited stock of approximately 2,000 varieties.

You are invited to visit us anytime. See 100,000 plants in the open field. Your choice of varieties will be so easy. In the winter mark your flats, they will be yours.

TAXUS

We have approx. quarter million liners 2-3-4-5-6 years old.
